AIR STATION ORDER 5090.4 Ch 2

From: Commanding Officer
To: Distribution List

Subj: STORM WATER POLLUTION PREVENTION PLAN

1. Situation. To direct pen changes to the basic order.
2. Execution
 - a. Change reference (a) to read the following: "Storm Water Certification No. SCR001845, General Permit No. SCR000000 (January 1, 2011), National Pollutant Discharge Elimination System (NPDES) General Permit for Storm Water Discharges Associated with Industrial Activity".
 - b. Change reference (b) to read the following: "Storm Water Construction General Permit No SCR100000 (September 1, 2006), NPDES General Permit for Storm Water Discharges from Large and Small Construction Activities".
 - c. Delete the following words from reference (d) "and Laurel Bay Housing Area (LBHA)".
 - d. Delete the following from Paragraph 1. "and Laurel Bay Housing Area (LBHA)".
 - e. Delete sub-paragraph 4 under paragraph 3a(2)
 - f. Rename sub-paragraph 5 under paragraph 3a(2) to "4".
 - g. Under paragraph 3a(2c) remove "should" and replace it with "required to".

B. C. MURTHA

DISTRIBUTION STATEMENT A: Approved for public release; distribution is unlimited.

AIR STATION ORDER 5090.4 w/CH 1, 2

From: Commanding Officer
To: Distribution List

Subj: STORM WATER POLLUTION PREVENTION PLAN

- Ref:
- (a) Storm Water Certification No. SCR001845 (June 22, 1998), General Permit No. SCR000000 (January 15, 1998), NPDES General Permit for Storm Water Discharges Associated With Industrial Activity
 - (b) 40 CFR 122, 123, AND 124, National Pollution Discharge Elimination System (NPDES) Permit Application Regulations for Storm Water Discharge
 - (c) 40 CFR 124.10, NPDES General Permits and Facts Sheet, Storm Water Discharges from Industrial Activity
 - (d) Storm Water Pollution Prevention Plan (SWPPP) For Marine Corps Air Station (MCAS) Beaufort and Laurel Bay Housing Area (LBHA)
 - (e) MCO 5090.2A, Environmental Compliance and Protection Manual (NOTAL)
 - (f) SC DHEC Regulation 72-300

1. Situation. This order implements the Storm Water Pollution Prevention (SWPP) Plan, which establishes procedures for monitoring storm water and assessing operations to ensure the protection of the quality of storm water runoff from property at Marine Corps Air Station (MCAS) Beaufort and Laurel Bay Housing Area (LBHA) to the maximum extent practicable.

2. Mission. MCAS Beaufort will fully support and implement the requirements of references (a) through (f). MCAS Beaufort will manage storm water releases within the requirements of the applicable permit through regular inspections performed by the Storm Water Pollution Prevention Team (SWPPT) to ensure implementation and adherence of the SWPP plan. The SWPPT will be responsible for performing inspections of areas of industrial activity.

DISTRIBUTION STATEMENT A: Approved for public release;
distribution is unlimited.

16 APR 2007
3. Execution.

a. Commander's Intent and Concept of Operations.

(1) Commander's Intent. The policies and responsibilities established in this instruction shall be fully implemented in conjunction with those described in the Storm Water Pollution Prevention Plan, which describes the requirements managing storm water releases and for personnel managing the compliance program implementing that plan.

(2) Concept of Operations.

(a) In accordance with federal and state requirements, storm water runoff from areas of identified industrial activities at Marine Corps Air Station Beaufort and Laurel Bay Housing Area will be managed in accordance with a program of source and structural controls identified in the Storm Water Pollution Prevention (SWPP) plan, developed under the general storm water discharge permit issued by the South Carolina Department of Health and Environmental Control (DHEC).

(b) The SWPP plan applies to operations which might contribute to the release of EPCRA Section 313 water priority pollutants from the Air Station. The SWPP plan presents the requirements for monitoring storm water releases and reviewing practices at the following selected work centers in accordance with regulatory requirements:

1. Maintenance, fueling, washing and servicing of aircraft (excluded from sampling based on non-exposure certification).

2. Vehicle and equipment maintenance shops (excluded from sampling based on non-exposure certification).

3. Treatment, storage and disposal sites.

4. Wastewater treatment plants (excluded based on flow of less than 1 million gallons per day at each).

5. Landfill (certified as closed and capped, indicating no need for monitoring), including SWMU1-Fenced Hazard Area, SWMU2-Lafrene Road Landfill, SWMU3-Borrow Pit Landfill, SWMU4-Southeast Point Disposal Area, SWMU14/6-Inert Landfill and Seepage Trenches, SWMU8-Kavieng Street Landfill, and SWMU17-Funa Futi Road Disposal Area.

ENCLOSURE (1)

14 FEB 02

(c) MCAS Beaufort has no numerical limitations and therefore analytical sampling is not required. Visual monitoring should be conducted quarterly to confirm the effectiveness of the SWPP plan.

(d) The SWPP plan shall be reviewed annually for potential changes, with updates as warranted but at least every two years.

h. Subordinate Element Missions: Headquarters and Marine Aircraft Group 31

(1) The Commanding Officer, Marine Aircraft Group 31 concurs with this Order insofar as it pertains to Fleet Marine Force units stationed aboard MCAS Beaufort.

(2) Commanding Officers, Department Heads, and Officers-in-Charge shall ensure all personnel assigned to the above referenced activities aboard the Air Station become familiar with the contents of the SWPP plan.

(3) Commanding Officers, Department Heads, and Officers-in-Charge shall ensure no unpermitted release of storm water occurs from operations under their command.

4. Administration and Logistics. In accordance with the requirements and guidance contained in this plan, the Natural Resources and Environmental Affairs Officer is responsible for managing storm water within all applicable state and federal regulations listed under the references.

5. Command and Signal. This order is effective the date signed and is applicable to Marine Aircraft Group 31 and all applicable tenant commands and contractors conducting operations listed in the SWPP plan or construction activities.

AIR STATION ORDER 5090.4 CHANGE TRANSMITTAL 1

From: Commanding Officer
To: Distribution List

Subj: STORM WATER POLLUTION PREVENTION PLAN

Encl: (1) page 2 replacement

1. Purpose. To direct a change in the basic order.

2. Action.

a. Replace reference (a) "Storm Water Certification No. SCR0018445 (June 22, 1998), General Permit No. SCR000000 (January 15, 1998), NPDES General Permit for Storm Water Discharges Associated With Industrial Activity" with "Storm Water General Permit No. SCR000000 (July 1, 2005), NPDES General Permit for Storm Water Discharges Associated With Industrial Activity".

b. Replace reference (b) "40 CFR 122, 123, and 124, National Pollution Discharge Elimination System (NPDES) Permit Application Regulations for Storm Water Discharge" with "Storm Water Construction General Permit No. SCR100000 (September 1, 2006), NPDES General Permit for Storm Water Discharges from Large and Small Construction Activities"

c. Insert enclosure (1) as replacement for page 2.

3. Filing Instructions. This change transmittal will be filled immediately following the signature page of the current order.

A handwritten signature in cursive script, appearing to read "R. W. Lanham".

R. W. LANHAM
