AIR STATION ORDER 11100.3M

From: Commanding Officer  
To: Distribution List

Subj: REGULATIONS GOVERNING ASSIGNMENT, RECEIPT, AND VACATING  
OF BUILDINGS, FACILITIES AND AREAS

Ref: (a) ASO 11014.1N  
(b) ASO 11014.7E  
(c) ASO 11104.2L w/ Ch 2

Encl: (1) List of assigned buildings, facilities, and areas of  
Marine Corps Air Station Beaufort

1. Purpose. To set forth regulations governing assignment to, receipt for, and vacating of buildings, facilities and areas of Marine Corps Air Station departments and tenant Fleet Marine Force Units.
2. Cancellation. ASO 11100.3L
3. Assignment, Receipt, Transfer and Vacating. The assignment, transfer, and vacating of Marine Corps Air Station buildings, facilities, and areas will be by order of the Commanding Officer. As new buildings become available for occupancy, a joint preoccupancy inspection will be arranged by the Officer in Charge of Construction (OICC) with representation by the contractor, OICC personnel and the Public Works Department. Transfer of completed buildings to the Air Station will be effected by letter. All assignments, transfers and vacating of buildings, facilities and areas will be controlled and coordinated by the Air Station S-4 Officer.
4. Responsibility. Units assigned buildings or areas will assume full responsibility for cleaning, proper use and enforcement of regulations as set forth in this Order and other pertinent directives.
5. General
  - a. Assignment. As buildings, facilities and areas are assigned to designated units, the Air Station S-4 Officer will conduct a joint acceptance inspection with the tenant and a representative of Public Works. This inspection will be made to

ASO 11100.3M

01 JUN 2007

determine the condition of the building, facility, area, and equipment. Discrepancies will be noted, responsibilities assigned, and corrective action taken as funding is available. During the inspection, a joint inventory will be taken of all plant account equipment. Additionally, a summary listing of all minor property will be taken. The enclosure reflects current building, facility, and area assignments.

b. Vacating. When a building, facility, or area is being vacated, the vacating unit will be responsible for scheduling an inspection prior to vacating as set forth in paragraph 5a above. The vacating unit will be responsible for the transfer of plant account equipment. Units vacating for deployment will comply with paragraph 8 below.

c. Damage. When damage occurs during occupancy or transfer of occupancy, the responsible unit will ensure that these damages are repaired through submission of a work request to Public Works in accordance with reference (a).

6. Police and Maintenance. Police and maintenance aboard this Air Station are defined as normal clean up. Requests for maintenance or repair of facilities will be submitted in accordance with references (a) and (b). Reference (c) assigns detailed areas of police and grounds maintenance responsibility.

7. Structural or Use Changes. Any additions, alterations, deviations from designated use, or modification of any type to the facilities must receive prior permission, in writing from the Air Station S-4 Officer or Deputy S-4, with notice to the Architect/Facilities Planner in Public Works.

8. Vacating by Deploying Units. Tenant activities under the administrative control of Marine Aircraft Group 31 (MAG-31) will coordinate with MAG-31 S-4 for inspection and inventory.

9. Telephones. For deployments in excess of six months, a request will be submitted to the Telephone Officer requesting removal of telephones. This request will include building numbers and the number of instruments in each building.

10. Computers. All movement of computer equipment must be coordinated through the Air Station S-6 Officer.

11. Control of Unassigned Areas. The Air Station S-4 Officer is assigned responsibility for reviewing all requests for use,

01 JUN 2007

modification, or installation of equipment in unassigned areas. Departments or tenant units desiring to use these areas will submit a request to the CO, Marine Corps Air Station Beaufort (Attn: S-4), each time such an area is required. This request must contain an outline of the intended utilization of the area and the proposed modification or installation.

12. Concurrence. The Commanding Officer of Marine Aircraft Group 31 concurs with this order as it pertains to Fleet Marine Force units stationed aboard Marine Corps Air Station Beaufort.

R. W. LANHAM
