

MARINE CORPS AIR STATION BEAUFORT SEXUAL ASSAULT POLICY STATEMENT

Professionalism – Each member of the MCAS Beaufort Team contributes to our success and we strive to support one another in mission accomplishment. The impact of sexual assault resonates across the team and cripples our ability as an organization to move forward together. This is a criminal act contrary to our values as an organization dedicated to respect and dignity of its members and their families.

Standards – Sexual assault is an offense to the individual and the MCAS Beaufort Team as a whole. Sexual assault will not be tolerated. Violators will be held accountable and subject to legal or administrative action. Victims will be treated with decency and sensitivity and provided all of the services needed to aid their recovery.

Communication – It is imperative that a victim of sexual assault immediately seeks assistance and care through restricted or unrestricted reporting. I encourage all victims to pursue an unrestricted report in order to eradicate potential future events. The 24/7 Sexual Assault Hotline (843-321-6009) is an available resource along with dedicated professionals who can offer support and guidance to include: Uniformed Victim Advocates for military members, Civilian Victim Advocate and the Sexual Assault Response Coordinator for either.
